

APERIO CORPORATE PROFILE

Introduction

Aperio are the largest supplier of flexible packaging in Australasia and New Zealand with manufacturing businesses in Australia, New Zealand and Thailand.

The company was established in May 2005 following the merger of high profile flexible packaging companies in Australia and New Zealand.

Aperio is Private Equity owned by one of the well established investment companies in Australia.

Capabilities / About Us

Aperio has seven manufacturing sites in Australia, four in New Zealand and one in Thailand with a market share of approximately 20% in Australasia supplying a broad range of flexible packaging to the food, beverage, agricultural and industrial market segments.

The core technologies of Aperio are:

- blown film extrusion up to 5 layers
- flexographic & rotogravure printing up to 10 colours including cold seal
- lamination including solventless, solvent & extrusion
- converting of a wide range of bag formats and specialty pouch with reclose features
