

CORPORATE PROFILE

Smarter Solutions in Flexible Packaging

SMARTER SOLUTIONS TO GIVE YOU AN EDGE

Our dedicated team is focused on creating exciting packaging that has maximum impact, superior quality and unwavering reliability – so customers can trust us to provide them with a true competitive edge.

We have a long history of constantly innovating and exploring new technologies. Our customers have the support of tailored solutions that work best for them, which helps deliver outstanding results in a saturated market. This is why Aperio is an acknowledged leader in food, beverage and industrial packaging in Australia and New Zealand, partnering with some of the world's most respected brands.

With an emphasis on innovation and new technologies, Aperio creates memorable, functional and unique packaging through our 'Smarter Solutions' service.

The best of both worlds

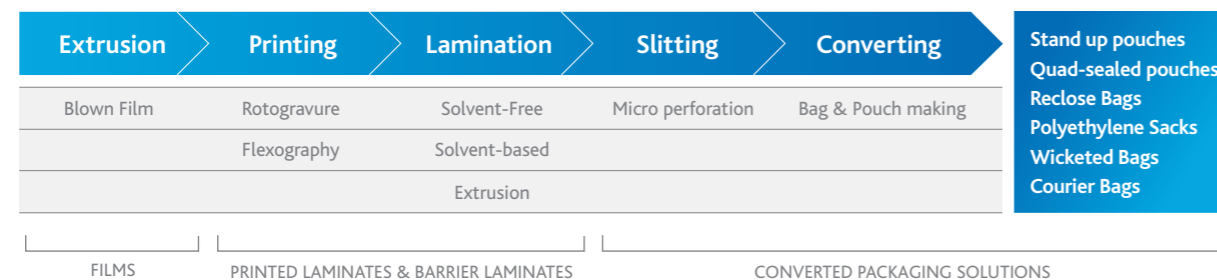

We pair our proven processes and state of the art local manufacturing expertise with global and competitive sourcing in both raw materials and converted product. Our clients have absolute confidence in our ability to deliver supply chain efficiencies with best practice packaging.

More solutions Smarter solutions

Aperio provides end-to-end packaging expertise covering every aspect of flexible packaging manufacture. From extrusion to printing, laminating to converting, we provide the total solution. This delivers greater efficiencies for our customers and access to best practice packaging.

Aperio's full portfolio of manufacturing capability is sure to handle all your packaging needs:

True innovation

Our products are preferred because of their high visibility and superior performance.

Aperio's state-of-the-art manufacturing facilities support the manufacture of truly innovative products and processes in food, beverage and industrial packaging. Aperio's smarter solutions are sure to help your product stand out from the rest.

Many of our technologies are patented and trademarked.

Armaloc® Pre-zipped reelstock

Armaloc® pre-zipped films for form, fill and seal applications. Both vertical and horizontal systems.

Diopeel® Easy peel films

Diopeel® is designed for flexible packaging and lidding applications where peel seal features are required.

EpiTech® Surface protection films

EpiTech® films are designed to protect a wide range of surfaces.

VentFast™ Microwave self venting technology

VentFast™ is a complete venting system for the microwave packaging of food.

FreshNet® Netted produce bag

FreshNet® is a unique packaging solution that provides superior presentation and branding of produce.

Greenguard® Window bag for potatoes

Greenguard® is a unique packaging solution for superior presentation and protection of potatoes.

Pouches Flat, standup and quad

Pouches are an economical, convenient and visually appealing packaging format.

Total commitment to sustainability

We act to minimise our impact on the environment every day in everything we do – we understand the vital flow-on affect that has for our clients and the wider community.

Our Sustainability Programs strictly comply with guidelines around energy, waste and water consumption and minimising air emissions

In parallel to this our sustainable packaging strategy focuses on:

- Utilising materials that are safe for whole-of-life scenarios
- Maximising packaging efficiency
- Maximising use of renewable and recycled materials
- Design for recycling or composting where practical

Aperio continues to strive for global best practice and product stewardship. We are a proud foundation signatory to the Australian Packaging Covenant and a member of the Packaging Council of New Zealand.

Full compliance

Aperio is able to deliver the best results by adhering to stringent safety and hygiene protocols. We have the necessary accreditations, giving you and your customers peace of mind.

Aperio delivers a complete, end-to-end packaging service; sustainable, fully compliant and highly innovative. Whether you are a global FMCG company or a local industrial manufacturer, we have the smarter solutions for you.

A partnership with Aperio ensures the very best results for your packaging and your brand.
